## Professional summary

Enthusiastic and adaptable Full Stack Developer, eager to contribute fresh skills and creativity to a dynamic entry-level role. Committed to continuous learning and staying updated on emerging technologies. Ready to bring a solid foundation in front-end and back-end development to drive growth for a forward-thinking organization.

## Academic Background

Bachelor of Engineering -Visvesvaraya Technological University(VTU) 2023

Course -Electronics and communication Engineering

7.8 CGPA

---

Intermediate (12<sup>th</sup>)– Telangana State Board of Education 2019

9.9 CGPA

---

SSLC – Karnataka Secondary Education Examination Board 2017

9.9 CGPA

## Internship details

I have undergone training in QSPIDER and Certified with technology trained on **SQL** and **JAVA**.

- **SQL:** Good in basic concepts like DBMS, RDBMS, joins, sub-query.
- **JAVA:** basic and **OOPS** concept.

## Technical Skills

- **Languages:** Core Java , HTML , CSS , JavaScript , ReactJS , JDBC , Hibernate , Spring.
- **Database:** SQL
- **Programming:** Logical programming, Data structures and algorithms (beginner level).

## Technical Summary

- Practically implemented CRUD operation, SQL queries nested queries, Joins etc....
- Comfortable in OOPS concepts and Strong problem-solving abilities in Java development.
- Practically implemented custom sorting using Comparable and Comparator Interfaces.
- Proficient in Hibernate for efficient data handling in Java applications.
- Additionally, skilled in frontend cloning for creating engaging and responsive UI.

## Project work

### Project Name: Zoo Management System

**Description:** Online Zoo System is a web-based technology which manages people, animal details & provides ticket to the person who comes to visits the zoo.

#### Details:

- A zoo management system effectively manages and handles all the functioning of a zoo. The soft-ware system can store the data of people tickets that came to visit in the zoo.
- The system needs an administrator to input the details of ticket like how many are adult and how many are child and print the ticket and give it to person. In this project we used PHP and MySQL database.

## Strengths

- Leadership and Effective Communication.
- Quick learner with technical agility.
- Emotional intelligence and team collaboration.
- Adaptability and Time Management.
- Balanced Approach in both hard work and smart work.

## Personal Details

- Hobbies : Reading books , Singing and Knowing new technologies like AI etc...
- DOB : 15- JAN-2001
- Gender : Female
- Address: #550 Lankesh Niwas upper street , Kengeri – Bangalore 560060

## Professional Development

- Engaged in an Electric Vehicle Workshop.
- Organized and Led Blood Donation Camp.
